The results were for CDE! DPS had a job fair because of the strike and I got fingerprints specifically for 3 year sub license! The fingerprints were for the sub license.

Fingerprints done for a school district or any other reason that is not specifically educator licensing do not have the results come to CDE. Otherwise you'll need to have new fingerprints taken and follow the directions on our website.

>> Thank you for your service to the students of Colorado! We know that great teachers and school leaders are the most important school-based factors that affect student achievement, and the Colorado Department of Education wants to thank you for your dedication to your students and your community.
>>
>> As you know, CDE is required by state law to maintain background check results for all licensed teachers in Colorado. To ensure that we are in compliance with these laws, CDE's Office of Educator Talent—Licensure audits its records anytime a new application is received. We look to ensure that educators' records include the required background check results for both the FBI and CBI. We also look to ensure that

educators' records show a concurrent credential with CDE and that there was no lapse in credentialing or licensure with us for a period of one year or more.

Unfortunately, we discovered that your credentialing and/or background check did indeed lapse for more than one year. Anytime a license, authorization or background check lapses for a period of one year or more, or when an individual requests to reactive a professional license that has been placed on "inactive" status, that individual must submit a new set of fingerprints to the CBI specifically for CDE. State law requires you to submit fingerprints for this purpose. See § 22-60.5-103 C.R.S. (2016) "…The applicant shall submit the fingerprints for the purpose of obtaining a fingerprint-based criminal history record check through the Colorado Bureau of Investigation and the Federal Bureau of Investigation to determine whether the applicant for licensure or authorization has a criminal history. The applicant shall pay to the Colorado Bureau of Investigation the fee established by the bureau of conducting the criminal history record check …"

Please visit our webpage at, http://www.cde.state.co.us/cdeprof/fingerprints, for information on submitting fingerprints and to make an appointment with an approved fingerprint vendor. No fingerprint cards should be mailed to CDE or the CBI directly.

If you presently have an application pending, CDE will not be able to process this application until we have received and processed the results of your background check from CBI and FBI. Incomplete applications close 90 days from the date that they were submitted. Your prompt attention is recommended so that your application can be evaluated without further delay.

To check your background/fingerprint status at any time, log into your eLicensing account and select the "Alerts" tab.

Thank you for your prompt attention to this matter. Again, your service and dedication to students in Colorado is greatly appreciated and we look forward to receiving the required reports and moving forward with your application.

Regards,
